ISSUE NUMBER 5

JUNE 2006

NOMINATIONS BEGIN SOON

From June 15 through August 1, farmers and ranchers can nominate eligible peers as candidates for election to the Stokes County Farm Service Agency county committee.

This is an important time for the community because county committee members make decisions that have significant effects on you and the area's agricultural sector as a whole.

For example, committee members make decisions on applications for federal farm program and disaster payments. Committee members play a vital role by helping local farmers and ranchers weather tough financial times and natural disasters.

Also, committee members make many other important decisions that affect local farmers and ranchers, such as whether haying and grazing should be allowed on Conservation Reserve Program land. Talk to a county committee member or the CED for details on the types of decisions county committee members make.

To hold office as a county committee member, a person must meet basic eligibility requirements. Contact the county office staff or visit <http://www.fsa.usda.gov/pas/publications/elections> for details about candidate eligibility. Nomination

forms can be obtained at the county office or online at the above address.

Remember, the nomination period runs June 15 through August 1. Voting takes place in the fall. Ballots will be mailed to eligible voters by November 3. December 4 is the last day to return voted ballots to the county office. Newly elected committee members and alternates take office January 1, 2007.

ACREAGE REPORTING

The timely filing of an accurate acreage report for all crops and land uses, including failed acreage, can prevent loss of benefits for a number of programs, including Direct and County-cyclical Payment Program, Conservation Reserve Program, Non-insured Crop Disaster Assistance Program, as well as marketing assistance loans and loan deficiency payments.

**To be timely, you must file
an FSA-578 by June 30.**

To be considered timely,
acreage reports for:

- prevented planted acreage must be filed no later than 15 calendar days after the final reporting date for the applicable crop.

- failed acreage must be filed before the disposition of the crop.

We will accept crop certifications from farm operators, farm owners, persons authorized by power of attorney and tenants and sharecroppers, for which they have a share.

We will also accept from all producers crop acreage reports for any purpose.
